A Note from the Class Teacher

a) Academic Growth (Term I to Term II): Tejovrisha excels in numeracy, confidently recognizing numbers, associating values, and counting. He shows strong literacy skills, enjoys phonics songs, and actively participates in the IEXC curriculum with curiosity and enthusiasm. b) Focus Area for Next Academic Year: Tejovrisha needs to improve motor skills, especially jumping and balancing. He should work on speaking confidently, expressing ideas in class discussions, and completing worksheets neatly and independently to enhance his skills.
