Dear Doctors (IIT Hyderabad),

May I request your permission for my wife to make an appointment to consult a gynaecologist? She is currently in Kerala and was pregnant, but seems to have resulted in a miscarriage. Considering the emergency, please consider my request and permit her to consult a gynaecologist nearest to her location.

Please let me know if any details or medical reports are to be furnished at this point.

Regards,
Jose

Referred to gynecologist for further evaluation and treatment.

Since this referral is for outside headquarters, kindly take dean admin sir approval for the same.

Above referral needs to be documented in her medical book before reimbursement.
