Dear Doctors,

My kid Aniketh Emani (~6.5 years) has been having a cough and mild temperature for the last two days. Last night he developed ear pain due to which he was unable to sleep.

I would like to take him to a pediatrician for consultation/medication. Can you please provide a referral?

Regards,
Naresh

Dear Doctors,

My kid Aniketh Emani (~6.5 years old) has been running a fever since Saturday morning. We have given him Crocin and the fever has not come down so far. Today he is unable to retain any food and has vomited twice.

I would like to take him to a pediatrician for consultation/medication. Can you please provide a referral?

Regards,
Naresh
