Accomplishment Testimony 2021-22

Hybrid Session -Term 2

Admission No:	1098	Class:	5
Student's Name:	B MOHAMMED AAMIR	Section:	Sprinters
Guardian's Name:	B MUNWAR BASHA	DOB:	10-11-2011
			Term 2

ENGLISH

Listening	Recalls and understands the gist of an account or its significant points and then responds and contributes to the main ideas.	M
	Listens purposefully to a range of texts, responds to it and gives feedback.	
	Exhibits the awareness of a listener by recalling the relevant details when questioned on the topic/subject.	
	Watches and listens to audio-video materials or teacher reading out from materials to understand and respond.	
	Comprehends listening texts.	
Speaking	Conveys ideas about characters and characterisations in a story through deliberate choice of vocabulary and structure of speech.	M
	Asks questions to develop ideas and extend understanding.	
	Makes simple inferences from the words in the text, e.g. about feelings.	
	Speaks confidently in formal and informal contexts.	
	Gives short presentations and answers questions, maintaining effective organisation of talk.	
Reading	Answers questions and explains further when asked.	M
	Understands and infers the shades of emotions expressed in the text. For example- can convey about the feelings of a character, expressed on a particular context in a story.	
	Uses knowledge of punctuation and grammar to read age-appropriate texts with fluency, understanding and expression.	
	Identifies the main points or gist of a text.	
	Investigates the grammar of different sentences: statements, questions and orders.	
	Provides accurate textual reference from more than one point in a story to support answers to questions.	
	Understands the use of connectives to structure an argument, e.g. if, although, etc.	
	Understands clauses within sentences and how they are connected.	

B. Munwarbasha

Writing	Chooses words and phrases carefully to convey feeling and atmosphere.	M
	Makes short notes from a text and uses these to aid writing.	
	Understands the importance of subject-verb agreement and implements it accordingly.	
	Recognises the use of the apostrophe to mark omission in shortened words, e.g. can't, don't, etc.	
	Collects synonyms and opposites and investigates shades of meaning.	
	Knows irregular forms of common verbs.	
	Spells and makes correct use of possessive pronouns and adjectives, e.g. their, theirs, my, mine.	
	Writes narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences.	
	Creates or selects vivid adjectives to enhance and revise writing.	
	Understands clauses within sentences and how they are connected. Combines simple sentences and re-orders clauses.	
Writes book reviews summarising what a book is about.		
Digital Literacy Skills	Explores, experiments and designs Powerpoint slides according to the requirement for eg. Travel brochure and story telling.	M
	Understands the importance of digital literacy to other target audiences.	
	Creates strategies and methods for finding, validating, and collaborating on information found online.	
MATH		
Number Sense	Shows understanding of Fractions and Decimals and is able to Convert Fraction to Decimal and Decimal to Fraction.	M
	Knows the names of the places of decimals and their values upto thousandths place.	
	Able to express decimals in numeral form and in words.	
	Defines and identifies Proper fractions, Improper fractions, Mixed numbers, Like fractions, Unlike fractions and Equivalent fractions. Also, is able to define and identify Like and Unlike decimals and Equivalent decimals.	
	Converts Unlike fractions to Like fractions; Mixed number to Improper fraction and vice versa; Unlike Decimals to Like Decimals.	
	Finds Equivalent fractions and Equivalent decimals by both multiplication and Division methods.	
	Identifies and simplifies fraction to its lowest term.	
	Compares, Orders, Adds and Subtracts Unlike fractions and Unlike decimals.	
	Converts time from one unit to another, adds and subtracts time, solves problems of time duration.	
Measurement	Knows the standard unit of length, Mass, Capacity, Time and Temperature.	M
	Understands the Metric Place value chart and the value of each place.	
	Converts bigger unit to smaller unit and vice versa and adds and subtracts different units.	
	Demonstrates understanding of Perimeter, Area and volume and their units.	
	Calculates the perimeter and area of square, rectangle, triangle and Volume of cubes and cuboids.	

B. Mumtaz

Visual Representation	Draws and presents Equivalent fractions and Equivalent decimals with the help of shaded diagram.	M
	Demonstrates relation of Decimals and Fractions.	
	Demonstrates with diagram the relationship between area and perimeter.	
	Draws simple geometrical shapes after quarter and half turns.	
	Makes simple solid shapes from their nets and identifies front, side and top view of a solid shape.	
Application Skill	Comprehends the real life based word problems containing fractions, decimals or whole number with different units and applies reasoning and computational skills to solve.	M
	Solves simple problems of time, distance and speed.	
Spatial Understanding	Identifies an angle, its parts and types of angles	D
	Identifies Symmetrical shapes and draws line(s) of symmetry.	
	Identifies patterns by rotating a shape.	
	Identifies front, side and top view of a solid shape.	
SCIENCE		
Concept Understanding	Recognises and describes different parts of a skeleton.	M
	Identifies the location and movement of different joints.	
	Understands the functions of different parts of the eye and ear.	
	Differentiates between voluntary and involuntary muscles, sensory nerves and motor nerves.	
	Recalls and applies the knowledge for identifying different types of force in day-to-day life.	
	Explains the different layers of the atmosphere.	
	Defines the term eclipse and explains the occurrence of an eclipse.	
Exploration	Investigates and exhibits the working mechanism of different simple machines with examples.	D
	Observes the eight phases of the moon for a fortnight and illustrate the phases in the worksheet.	
	Demonstrates different variations in the formation of a shadow.	
Observation and Investigation	Sketches out the different parts of the human brain and explains their functions.	M
	Recognises and categorises various forms of energy around us.	
	Identifies and infers the different classes of lever used in everyday life.	
	Conducts experiments based on the properties of air and draws a conclusion based on the observations made.	
	Experiments different methods of removing soluble and insoluble impurities.	
	Discovers and Classifies materials as opaque, transparent or translucent, based on the amount of light passing through them.	
Aesthetic skills	Cultivates a habit of doing physical activity regularly to strengthen bones and muscles.	M
	Realises the importance of protecting natural resources and makes efforts towards conserving them.	
	Develops interest and enthusiasm in learning different layers of our home planet.	
Use of IT	Applies their soft skills in presenting their research work on natural disasters.	N

SOCIAL SCIENCE		
Knowledge and Understanding	Understands how trading brought the English to India and how they established themselves as a strong political entity.	M
	Defines the meaning of Revolt and the impact of the Revolt of 1857.	
	Compares and differentiates between violent and non-violent freedom movements in India.	
	Recognises the importance of voting in a democracy and how elections take place in India.	
	Understands the importance of National Congress.	
	Interprets the Federal structure of government and the responsibilities of the three branches of the Indian State.	
	Understands the Preamble, Fundamental Rights and Duties and the Guiding Principles of the State Policy.	
	Explains the procedure or process of elections in India.	
Critical Thinking and Application	Critically analyses the impact of British rule on India and the expansion of British empire.	D
	Identifies the importance of the Revolt of 1857 and the contribution of the leaders.	
	Finds the difference between Swadeshi and Boycott movement in present context.	
	Explains why the system of Checks and Balances are important in a democracy.	
Values and Social Skills	Appreciates the positive impact of British governance on India.	M
	Comprehends the best way for us to honour and remember the sacrifices of the freedom fighters.	
	Understands the role of the people in a democracy .	
	Explains the importance of knowing a language well.	
	Appreciates the importance of asking question just like the opposition parties question the government(ruling).	
Graphical Skills	Explains the settlements of different European traders in India.	M
	Identifies the map of India and its surroundings after Independence.	
	Locates the areas ruled by the British in mid- 19th century.	
	Points out the hierarchy of Indian judiciary system.	
	Creatively designs the Preamble.	
II LANGUAGE (HINDI)		
Listening	Listens attentively to the experiences expressed by others.	M
	Listens attentively & understands questions asked on textual material.	
	Listens and remembers a sequence of instructions.	
	Enjoys listening to stories.	
Speaking	Answers confidently and independently.	M
	Expresses his/her thoughts & opinions on a given topic.	
	Recites poems with appropriate expressions and intonation.	
Reading	Reads the text aloud with accuracy, fluency and expression.	M
	Comprehends the content from the given text.	
	Reads & enjoys simple stories and poems.	
Writing	Uses Idioms, Tenses and Cases appropriately while writing.	M
	Writes in Hindi using appropriate grade-level vocabulary.	
	Is able to write a story relatedto the picture given.	
	Writes dialogues on the given topic.	

III LANGUAGE (TEL)

Listening	Exhibits keen listening skills towards lessons.	M
	Understands the content taught by teacher and relates to daily life.	
	Listens to instructions & follows them efficiently.	
Speaking	Speaks efficiently answering to comprehension questions related to stories/poems.	M
	Recites poems/rhymes with actions.	
	Develops small stories of their interest orally .	
	Describes characters and sequence of a story and asks questions about the story.	
	Communicates audibly with friends, teachers and other adults.	
	Comprehends answers to story or poem related questions.	
Reading	Recognises separate sounds (phonemes) within words.	M
	Identifies and reads all the letters and their sounds of Telugu alphabet.	
	Reads 3 letter words (సరళ పద్యం) confidently.	
	Understand and differentiates between vowels and consonants in print.	
	Enjoys reading simple text stories with the help of pictures..	
Writing	Practices and develops better handwriting.	M
	Understands the pattern of Telugu writing in notebook.	
	Writes 2-3 letter words comfortably.	
	Develops writing short sentences in notebook.	

COMPUTER SCIENCE

Participation	Actively participates in classroom discussions.	M
	Shows enthusiasm in learning new concepts.	
	Raises hand to answer the questions when asked in the class.	
	Responds quickly when called out his/her name.	
	Completes the assignments on time.	
Readiness to Learn	Shows interest in the lab activities during the sessions.	M
	Asks doubts during the sessions.	
	Revises all the concepts dealt in the class.	
	Responds well in the class and shows a positive approach towards learning.	
	Eagerly participates in the quiz and is ready for more such activities.	
Understanding	Describes how to use the computer mouse.	M
	Explains the different tools of MS paint.	
	Understands what is data and memory of a computer.	
Application	Demonstrates the use of left and right buttons on the mouse.	M
	Chooses the right device to perform a particular function.	
	Performs drawing in MS paint.	
	Recognises different types of storage device.	

Congratulations! Promoted to Grade 6.
New Session Begins on 21st March 2022

Explanation of Codes

M: Meets or exceeds expectations at this time

D: Developing

N: Needs Strengthening
